

## Scratch & Dent Insurance

Light scratches, minor dents, little chips – they're small, but they're not nice to see on your car. And they always seem to appear when there's no extra cash to get them fixed. Scratch & Dent Insurance will help.

Budget Insurance Scratch & Dent covers the damage that's small, but that you know is there - so that your car stays looking brand new. And it comes with a 3-year guarantee on repairs!

### Our Scratch & Dent Insurance covers:

- **Light scratches:** Any scratches on the outside of your car (excluding window glass and sunroof) – but only if the cost of repair isn't more than the maximum pay-out amount that's on your policy schedule.
- **Chips:** Any single chip damage on the outside of your car (excluding window glass and sunroof) - but only if the cost of repair isn't more than the maximum pay-out amount that's on your policy schedule.
